### **POST-OP WART SURGERY INSTRUCTIONS**

- 1. Today, leave the bandage on and go home. Limit your walking activities.**
- 2. Remove the entire bandage in 2 days.**
- 3. Soak the surgical area in 2 teaspoons of Epsom Salts in a quart of warm water. Soak twice daily, 15 minutes at a time.**
- 4. Using a Q-Tip, paint wart site with betadine solution.**
- 5. Now, apply a piece of 2x2" gauze and tape the surgical area.**

**In case of emergency, please call the office.**
